

Term: Two

Year group: 9

Subject: Science- Physics

Topic: Ch3 Particle Model of Matter

# Science 'Home Learning'

Your Son will be taught 8 GCSE topics over 3 years. Each Topic has a home learning booklet with plenty of support and tasks in it. Each class will be set a category from the same category eg a knowledge building task, revision task but the content will be dependent on the topic students are on and which task is best for the class.

1

**Knowledge Building**

Please see **Ch3 Particle Model of Matter Homelearning booklet** on Google Classroom. Your teacher will let you know which **Knowledge Building** task you are completing from the home learning booklet. This will be communicated in class and on Satchel 1
